Wine List

"Life is too short to drink bad wines."

Inspired by this quote, we have chosen precisely those wines which make our life nicer and longer. Let's take a wine road following the guidelines for various wine varieties, with an emphasis on those unique to Croatia. They have been nurtured with special care in the karst vineyards and produced in small quantities.

Wine selection was designed by our sommelier, who together with his team, will gladly advise you on the choice of wine; matching your taste to create a perfect fusion with delicious food, bringing much of the current Croatian wine scene to light.
